Are calling minutes to my international destination number “unlimited” or is there a calling allowance?

Global Calling · https://mediacomsupport.reachmobile.com/doc/are-calling-minutes-to-my-international-destination-number-unlimited-or-is-there-a-calling-allowance/

Many international destinations – such as Mexico, India, Canada, China and the United Kingdom - have unlimited calling minutes from Mediacom Mobile phone numbers on Unlimited Plans to both landlines and cell phones. Each destination has different monthly allowances or limits based on the destination and / or phone provider you are calling. Also, to protect against abuse of the International Calling feature, we place a limit on calling 20 unique international phone numbers per bill cycle.

You can check the monthly allowance to your preferred destination here.
