How will my trade-in credit show on my bill?

Trade-in · https://mediacomsupport.reachmobile.com/doc/how-will-my-trade-in-credit-show-on-my-bill/

Your trade-in credit will appear as a separate line in the Discounts & Credits section of your bill, showing the device you traded in and your progress through monthly credits. For example, “Trade-In Credit - Apple iPhone 11 (1 of 12)” means you’re receiving the first of 12 monthly credits for your iPhone 11 trade-in. The credit will also be included in Total Credits in the Total Charges Summary at the top of your bill.
