I don’t make any international calls and do not want the package – is this calling a part of a free promotion, and can I remove this service?

No, this is not a promotion, but a new feature we are adding to the Mediacom Mobile service as an added benefit and is included as part of phone service charges. If you do not want the International Calling Plan, please contact us at (855) 699-6655 to discuss “Opting Out”.
